INDEX

Afferent fibers and spinal cord potentials, 452
Ames, A. Studies on water and electrolytes in nervous tissue. II. Effect of glutamate and glutamine, 213
—— and Hastings, A. B. Studies on water and electrolytes in nervous tissue. I. Rabbit retina: methods and interpretation of data, 201
Amygdala, unitary responses in, 232
Anand, B. K. and Dua, S. Circulatory and respiratory changes induced by electrical stimulation of limbic system (visceral brain), 393
Anderson, F. D. See Berry, C. M., 144
Andersson, S. and Gernandt, B. E. Ventral root discharge in response to vestibular and proprioceptive stimulation, 524
Anterolateral column, axons of, 438
Arduini, A. See DeVito, R. V., 241
Auditory cortex and discrimination, 500
—— nerve activity, 424
Autonomic reflex, suprasegmental inhibition of, 564
Axons, myelinated, in anterolateral column, 438

Barry, J. See Pribram, H. B., 99
Berry, C. M., Anderson, F. D., and Brooks, D. C. Ascending pathways of the trigeminal nerve in cat, 144
Birzis, L. and Hemingway, A. Descending brain stem connections controlling shivering in cat, 37
Blood pressure and limbic stimulation, 393
Bosma, J. F. See Doty, R. W., 44
Brain, electrical stimulation of, 21
—— stem connections controlling shivering, 37
Bromiley, R. B. See Pinto Hamuy, T., 485
Brooks, C. McC. and Koizumi, K. Origin of the dorsal root reflex, 61
Brooks, D. C. See Berry, C. M., 144
Brown, V. W. See Wang, G. H., 350, 446, 564
Brusa, A. See DeVito, R. V., 241

Cerebellar forearm area, 285
—— localization and bulb, 285
Cerebral cortex and conditioned reflexes, 401
——————, cytochrome oxidase and DPN in, 259
——————, dendritic potentials and synaptic mechanisms in, 573
——————, recruiting responses in, 131
——————, sensory and motor localization in, 544
——————, somatic afferent areas of, 485
——————, spreading depression in, 154, 308
Chang, H.-T. Fiber groups in primary optic pathway of cat, 224
Circulation and limbic stimulation, 393
Cohn, R. A contribution to the study of color vision in cat, 416
——. Laminar electrical responses in lateral geniculate body of cat, 317
Collins, W. F. and Randt, C. T. An electrophysiological study of small myelinated axons in anterolateral column in cat, 438
Color vision, 416
——————, absence of, in guinea pig, 254
Conditioned reflexes and cerebral cortex, 401
Combs, C. M. Bulbar regions related to localized cerebellar afferent impulses, 285
Coombs, J. S., Curtis, D. R., and Landgren, S. Spinal cord potentials generated by impulses in muscle and cutaneous afferent fibres, 452
Cortical conditioning, 401
—— recruiting response, 131
—— response to sensory stimulation, 187
——————, direct, 513
Cullen, C. See Li, C.-L., 111, 131
Curtis, D. R. See Coombs, J. S., 452
Cytochrome oxidase, distribution in cerebral cortex, 259

Deglutition, EMG of, 44
Deitersian units, 241
Delgado, J. M. R. See Mihailović, L., 21
Depression, locus of spreading cortical, 308
——, mechanism of spreading cortical, 154
DeVito, R. V., Brusa, A., and Arduini, A. Cerebellar and vestibular influences on Deitersian units, 241
Diamond, I. T. See Neff, W. D., 500
DiBiagio, F. and Grundfest, H. Afferent relations of inferior olivary nucleus. IV. Lateral cervical nucleus as site of final relay to inferior olive in cat, 10

Diphosphopyridine nucleotide, distribution in cerebral cortex, 259
Direct cortical response, 513
—— inhibitory pathways, 75
Dendritic potentials in cerebral cortex, 573
Discrimination, effect of parieto-temporo-preoccipital resections, 99
DODT, E. Centrifugal impulses in rabbit's retina, 301
Dorsal root reflex, 60
—— spino-olivary pathway, 1
DOTY, R. W. and BOSMA, J. F. An electromyographic analysis of reflex deglutition, 44
——, RUTLEDGE, L. T., and LARSEN, R. M. Conditioned reflexes established to electrical stimulation of cat cerebral cortex, 401
Drug effects on dorsal root reflex, 60
DUA, S. See ANAND, B. K., 393

ECCLES, J. C., FATT, P., and LANDGREN, S. Central pathway for direct inhibitory action of impulses in largest afferent nerve fibres to muscle, 75
Effect of electrical stimulation on motor and autonomic responses, 21
Electrolyte metabolism in nervous tissue, 201, 213
Electromyogram of deglutition, 44
Evoked cortical potential, 111
—— —— response in visual system, 172

FATT, P. See ECCLES, J. C., 75
Fiber groups in optic pathway, 224
FISHER, J. F. See NEFF, W. D., 500
F[ULTON], J. F. René Leriche, 1879–1955 [Obituary], 197
——. Egas Moniz, 1874–1955 [Obituary], 196

GALAMBOS, R. Suppression of auditory nerve activity by stimulation of efferent fibers to cochlea, 424
Galvanic skin reflex, 340, 350, 446, 564
Gamma control spindles, 356
GAUTHIER, C., MOLLICA, A., and MORUZZI, G. Physiological evidence of localized cerebellar projections to bulbar reticular formation, 468
Geniculate body lamination, 316
—— and cortical responses to colored light flash, 271
GERNANDT, B. E. See ANDERSSON, S., 524
GRAFSTEIN, B. Locus of propagation in spreading cortical depression, 308
——. Mechanism of spreading cortical depression, 154
GRANIT, R. and HENATSCH, H. D. Gamma control of dynamic properties of muscle spindles, 356
GRUNDFEST, H. See DIBIAGIO, F., 10
——. See KRIEGER, H., 3
——. See PURPURA, D. P., 573

HASTINGS, A. B. See AMES, A., 201
HEMINGWAY, A. See BIRZIS, L., 37
HENATSCH, H. D. See GRANIT, R., 356
HESS, H. H. See POPE, A., 259

Inferior olivary nucleus, 1, 10
Inhibition, central pathway for direct, 75
——, suprasegmental, of autonomic reflex, 564
Intracellular potential changes, 375

JASPER, H. H. See LI, C.-L., 111, 131

KOELLA, W. P. See NAKAO, H., 187
KOIZUMI, K. See BROOKS, C. McC., 61
KOKETSU, K. Intracellular potential changes of primary afferent nerve fibers in spinal cords of cats, 375
KRIEGER, H. and GRUNDFEST, H. Afferent relations of inferior olivary nucleus. III. Electrophysiological demonstration of a second relay in dorsal spino-olivary pathway in cat, 3
KRUGER, L. See MALIS, L. I., 172

LANDGREN, S. See COOMBS, J. S., 452
——. See ECCLES, J. C., 75
LARSEN, R. M. See DOTY, R. W., 401
Laryngeal muscles and deglutition, 44
Lateral cervical nucleus and inferior olive, 10
LENDE, R. A. and WOOLSEY, C. N. Sensory and motor localization in cerebral cortex of porcupine (*Erethizon dorsatum*), 544
LENNOX, M. A. Geniculate and cortical responses to colored light flash in cat, 271
LERICHE, René, 1879–1955. [Obituary], 197
LI, C.-L., CULLEN, C., and JASPER, H. H. Laminar microelectrode analysis of cortical unspecific recruiting responses and spontaneous rhythms, 131
——, ——, and ——. Laminar microelectrode studies of specific somatosensory cortical potentials, 111
Limbic system, changes resulting from stimulation, 393
Localization of sound in space, 500

MACHNE, X. and SEGUNDO, J. P. Unitary

responses to afferent volleys in amygdaloid complex, 232
MALIS, L. I. and KRUGER, L. Multiple response and excitability of cat's visual cortex, 172
MEYER, D. R. See MILES, R. C., 254
MIHAILOVIĆ, L. and DELGADO, J. M. R. Electrical stimulation of monkey brain with various frequencies and pulse durations, 21
MILES, R. C., RATOOSH, P., and MEYER, D. R. Absence of color vision in guinea pig, 254
MOLLICA, A. See GAUTHIER, C., 468
MONIZ, Egas, 1874–1955 [Obituary], 196
MORUZZI, G. See GAUTHIER, C., 468

NAKAO, H. and KOELLA, W. P. Influence of nociceptive stimuli on evoked subcortical and cortical potentials in cat, 187
NEFF, W. D., FISHER, J. F., DIAMOND, I. T., and YELA, M. Role of auditory cortex in a discrimination requiring localization of sound in space, 500
Neurons, water and electrolytes in, 201, 213
Nociception, effect of, on response to acoustic and sciatic stimuli, 187

OCHS, S. The direct cortical response, 513
Olive, inferior, relay to, 1, 10
Optic nerve, action potential, 224

PINTO HAMUY, T., BROMILEY, R. G., and WOOLSEY, C. N. Somatic afferent areas I and II of dog's cerebral cortex, 485
POPE, A., HESS, H. H., WARE, J. R., and THOMSON, R. H. Intralaminar distribution of cytochrome oxidase and DPN in rat cerebral cortex, 259
Potentials, spinal cord, 452
PRIBRAM, H. B. and BARRY, J. Further behavioral analysis of parieto-temporo-preoccipital cortex, 99
PURPURA, D. P. and GRUNDFEST, H. Nature of dendritic potentials and synaptic mechanisms in cerebral cortex of cat, 573

RANDT, C. T. See COLLINS, W. F., 438
RATOOSH, P. See MILES, R. C., 254
Response of optic tract to monochromatic light, 416
Reticular formation, cerebellar projections to, 468
Retina, centrifugal impulses in, 301
——, duplex theory of, 254
——, responses of, to color stimuli, 271
——, stimulation of, 316
——, water and electrolytes of, 201, 213
RUTLEDGE, L. T. See DOTY, R. W., 401

SEGUNDO, J. P. See MACHNE, X., 232
—— and MACHNE, X. Unitary responses to afferent volleys in lenticular nucleus and claustrum, 325
Sensory and motor localization in cerebral cortex, 544
Shivering and hypothalamic spinal pathways, 37
——, brain stem connections for, 37
Somatic afferent areas of cerebral cortex, 485
Somatosensory cortex, evoked potentials in, 111
Spinal cord, intracellular potential changes in, 375
—— transection and galvanic skin reflex, 438
Spindles, gamma control of, 356
Spreading cortical depression, 154, 308
STEIN, P. See WANG, G. H., 340, 350
Striatum, unitary responses in, 325
Swallowing. See Deglutition, 44
Synaptic mechanisms in cerebral cortex, 573

THOMSON, R. H. See POPE, A., 259
Tract, dorsal spino-cerebellar, 1
Trigeminal nerve pathways, 144

Unitary responses in amygdala, 232
—— —— in striatum, 325

Ventral root discharge, 524
Vestibular and proprioceptive stimulation and ventral root discharge, 524
Visceral brain, changes induced by stimulation of, 393
Vision, color, 254, 416
Visual cortex, excitability of, 172

WANG, G. H. and BROWN, V. W. Changes in galvanic skin reflex after acute spinal transection in normal and decerebrate cats, 446
—— and ——. Suprasegmental inhibition of an autonomic reflex, 564
WANG, STEIN, P., and BROWN, V. W. Brainstem reticular system and galvanic skin reflex in acute decerebrate cats, 350
——, ——, and ——. Effects of transections of central neuraxis on galvanic skin reflex in anesthetized cats, 340
WARE, J. R. See POPE, A., 259
WOOLSEY, C. N. See LENDE, R. A., 564

——. See Pinto Hamuy, T., 485

Yela, M. See Neff, W. D., 500
